

## Texxon Globalmax 300 15W/40 API CI-4/SL

### Description:

This engine oil is blended from high quality base oils and the latest approved additives required to meet the stringent requirements of the new CI-4 classification. It provides high levels of soot control, resistance to wear, protection against oil oxidation and resistance to oil thickening. Texxon Globalmax 300 can be used in both turbo-charged and naturally aspirated engines.

### Recommendations:

For use in the latest model diesel engines including those using Exhaust Gas Recirculation systems. Also for a wide range of European and Japanese 4-Cycle diesel engines.
